

Foreword

The landscape of substance abuse in Northern Cyprus is marked by unique challenges and evolving trends. This book aims to shed light on these issues, offering a comprehensive analysis of the patterns, risks, and responses associated with substance use in the region. The collaborative efforts of researchers, practitioners, and policymakers have culminated in this extensive volume, which not only highlights the current state of substance abuse but also explores potential strategies for prevention and intervention. We hope that this book serves as a valuable resource for anyone dedicated to addressing the complexities of substance use in Northern Cyprus and beyond.

This book has been supported by the North Cyprus Anti-Drug Commission, Ankara University, Erzurum Technical University, the International Cognitive and Behavioural Therapies Society, the Northern Cyprus Entrepreneurial Women's Association, and Acapulco Hotel Northern Cyprus. Their invaluable support and contributions have made this work possible, and we extend our deepest gratitude to these organizations.
